SC Marvicon SRL is not entitled to inspect the contents, the shipment (the Goods to be transported) and the internal condition of the Container(s).

4. If the Container is refused by the Consignee or the Shipper for any reason, the Freight Price will remain owing.

VI. Obligations of the Customer

1. The Customer undertakes in his Transport Assignment, prior to the making of the Agreement, to provide SC Marvicon SRL with all useful and necessary info with regard to the transport of the Container(s) to be executed and the Goods to be loaded or unloaded therein by a third party. Info to be provided by the Customer shall at least include: type of Container and customs status, seal number, Quay, Terminal or Depot, description of the nature of the Goods, weight, number of packages, date when the Container must be returned.

In the event of an ADR transport the Customer must see to it that all the necessary ADR documents are handed over to SC Marvicon SRL.

2. The Customer is fully responsible for the unimpeded and safe access of SC Marvicon SRL to the Loading and Unloading Place, regardless of whether the Customer is also the Shipper or the Consignee. If any assistance is given, this will be effected by an agent or subcontractor of SC Marvicon SRL and such assistance will be fully under the authority and supervision of the Shipper or the Consignee.

6. If a guarantee must be given within the framework of the performance of the Agreement in favour of any third party, this will be effected by the Customer, at his risk and expense.

7. The agents of SC Marvicon SRL cannot accept any instruction or statement which binds SC Marvicon SRL outside of the foreseen limits with regard to:

2. The Container will be received at the Terminal or at the Depot in the condition in which it finds itself. SC Marvicon SRL is only bound to inspect the Container for manifestly visible defects in the external condition, from the ground in a standing position and without entering the Container. External condition of the Container(s) means the external condition of the empty container or the loaded and sealed container. SC Marvicon SRL has no responsibility whatsoever with regard to the internal condition or with regard to hidden non-conformity of the Container(s), even if the contrary is set out in the Customer's Transport Assignment. Nor can SC Marvicon SRL be held liable for any defects in the Container which are only noted upon the loading or unloading of the Container.
3. In the event of refusal of the Container by the Shipper or the Consignee the Freight Price will continue to be owed in full. In the event the Shipper obliges SC Marvicon SRL to pick up another Container, the Freight Price for this extra drive will be owed in full.
4. The Consignee or his mandated third party will ensure that after unloading the Container is swept clean and is free of all labels and stowage material. SC Marvicon SRL is not liable for cleaning costs. Signing off on cleaning costs is always in the name of and at the expense of the Customer.
5. SC Marvicon SRL cannot be held liable for meteorological influences on the Container such as, inter alia, condensation and humidity levels.

VIII. Contents of the Containers

1. Containers presented to SC Marvicon SRL in loaded condition will be taken into receipt without inspection of the Goods to be transported as to their contents, quantity, weight and condition. The stipulation "said to contain" legally applies in those cases. When loading the Container the Shipper or his designated third party is responsible for closing and sealing the Container. Unless explicitly otherwise stipulated in writing in the Agreement, the Consignee or his representative is responsible for breaking the seal and opening the Container.

2. In the event of overloading of the SC Marvicon SRL vehicle (on the axles or on the total weight) caused by poor stowage in the Container or exceeding of the total weight, the Customer will reimburse SC Marvicon SRL for all economic loss ensuing therefrom (including penalties for overloading) and/or damage to the vehicle.

IX. Delivery dates

1. SC Marvicon SRL will deliver the Container(s) to the Unloading Place within the delivery time stated in the Agreement, in accordance with the relevant provisions of the CMR Convention.

X. Freight Price

1. Calculation of the Freight Price

The Freight Price is set out in the Agreement exclusive of VAT.

The Freight Price includes 1 hour of waiting time, 2 hours of loading and 2 hours of unloading. If the loading or unloading exceeds 2 hours, the Customer will owe SC Marvicon SRL a supplement for these additional waiting hours. Waiting hours are counted per every tranche of 15 minutes which has started with a rate of 11.25 euros per tranche of 15 minutes which has started. Waiting hours can be proven by all legal remedies and time registration such as, inter alia, GPS, tachograph.

Subject to contrary provisions in the Agreement the Freight Price only encompasses transports which are executed during the normal working week. A supplement as stipulated in the Agreement is charged for performance on Saturdays, Sundays and public holidays.

2. Scope of the Freight Price

The Freight Price is inclusive of the insurance provided for in accordance with the provisions of the CMR Convention, but exclusive of the costs

for port, quay fees, other costs of third parties and all other expenses, taxes, charges, levies or duties — including but not limited to the environment charge and toll— which is claimed by any government or other public authority in connection with the performance of the Agreement, even in the event that these costs were not yet known or applicable at the time the Agreement was entered into.

3. Adjustment of Freight Price.

In the event of rising fuel prices, price adjustments will also be made in relation to these increases.

These price adjustments are automatically applied to existing Agreements and are invoiced in addition to and on top of the initial Freight Price.

4. Waiting hours at the Depot or Terminal.

If SC Marvicon SRL is confronted with additional waiting hours at the Terminal and/or Depot, in addition to the time provided for in Article X.1, due to circumstances which are not attributable to SC Marvicon SRL, these waiting hours will be charged to the Customer in full in the manner set out under X.1.

'Circumstances which are not attributable to SC Marvicon SRL' mean inter alia:

- IVK inspection or Container scan by customs,
- missing or erroneous booking details,
- waiting time as a result of non-exempted Containers, non-availability of the Container,
- waiting time as a result of inspection of the Container and/or determining of any loss,
- waiting time for connecting and setting up of reefers, etc.
- waiting time due to traffic at the Depot or Terminal

All related costs are at the Customer's expense.

5. Cancellation

In the event of unilateral cancellation of the Agreement by the Customer, the Customer will legally owe the compensation set out hereafter, without prior summons and without prior judicial intervention:

- ✓ In the event of cancellation up to the day before the Agreement must be performed: 75% of the Freight Price is owed;
- ✓ In the event of cancellation of the Agreement on the day of performance: 100% of the Freight Price is owed.

The aforementioned fees are owed without prejudice to SC Marvicon SRL' right to demand compensation for the loss it has actually suffered, if such loss is greater than this fixed compensation. SC Marvicon SRL can decide not to charge such fee if an Agreement cancelled by the Customer is replaced by an equivalent new Agreement, subject to SC Marvicon SRL' written agreement.

XI. Payment conditions and modalities

1. The Customer is bound to pay the Freight Price, even if he asks SC Marvicon SRL to collect it from the Consignee.
2. Subject to a written agreement to the contrary, all invoices of SC Marvicon SRL are payable in cash within 30 days after the invoice date. The invoice amount is payable net.
3. If the Customer within 10 calendar days after the invoice date does not present any detailed and substantiated comments, complaints or objections, the Customer is deemed to have irrevocably accepted the invoice without reservation. Complaints expressed by the Customer 10 calendar days or later after the invoice date will not be taken into consideration.
4. The Parties explicitly agree that all Agreements between them form one whole and that all Container(s) and Goods to be transported which the Customer entrusts or will entrust to SC Marvicon SRL serve as collateral for payment of the claims of SC Marvicon SRL on the Customer. Toward that end SC Marvicon SRL is entitled to exercise its right of retention in respect of the Container(s) and the Goods to be transported.
5. In the event of lack of payment on the due date of the invoice:
 - ✓ the amount or the balance still to be paid will be legally due without any notice of default;
 - ✓ every delay in payment will legally, without the need for notice of default, give rise to application of interest for late payment of 1% per started month as of the due date, which is chargeable monthly and legally, immediately and without demand;

 - ✓ every delay in payment will legally and without notice of default also give rise to a fixed compensation of 10% on the balance still to be paid, with a minimum of 65 euros.

Furthermore in such case all payment facilities granted to the Customer will be cancelled and all other outstanding claims, invoices, whether or not already issued or due, will become immediately due and payable.

6. The Customer is not entitled to set off sums, costs and/or invoices which SC Marvicon SRL owes the Customer against the Freight Price and invoices issued by SC Marvicon SRL, unless he has the explicit prior written consent of SC Marvicon SRL therefore.

XII. Termination of the Agreement

1. Circumstances which justify an immediate termination of an Agreement by SC Marvicon SRL:

SC Marvicon SRL has the right to legally terminate any Agreement with the Customer immediately, without prior notice of default and without prior judicial consent if one of the following circumstances arises:

it makes use of this option. All costs connected with such termination will be borne by the defaulting Customer, without the latter being able to demand any compensation.

3. Fixed compensation

If SC Marvicon SRL puts an end to the Agreement due to a contractual shortcoming of the Customer, SC Marvicon SRL legally and without the need for notice of default has the right to a fixed compensation of 15% of the Freight Price, subject to reservation of the right to higher damages provided SC Marvicon SRL presents evidence of greater real loss.
